

ERC 2024/2025 WINTER PADDLE MEMBER PROGRAM

Easton Racquet Club is excited to announce a Winter Paddle Associate Member Program for the Winter 2024/Spring 2025 season.

Our robust paddle program, led by Director of Racquets Marcela Rodezno, offers four state-of-the-art lighted courts available for play, lessons, and clinics. We offer programs for adults and juniors including clinics, in-house leagues, interclub teams and social events.

Platform tennis at ERC is a terrific way to spend cold, winter days outdoors in a friendly and welcoming environment.

Below is an outline of the Winter Paddle Membership program:

- Available for up to 16 Individual Memberships (combination of men and women, with five spots reserved for women).
- Valid October 1, 2024 through April 30, 2025.
- Offers access to paddle tennis club facilities only (paddle tennis courts and paddle hut).
- Offers access to the court reservation system. Winter members cannot reserve courts before noon on Saturdays and Sundays.
- Year-to-Year Membership (members need to be re-approved each year for membership).
- No guests.
- Applicants are required to complete an application and \$50 application fee.
- If a Winter Member converts to a full membership (if a spot is open), the prorated amount remaining from the Winter Membership would be applied toward Initiation and the \$50 application fee would be applied toward the \$250 application fee.
- The ERC membership and paddle committees will interview and approve prospective members. Priority will be given to applicants interested in permanent membership.
- The Individual membership Fee is \$1,800 for the season, plus 10% tax, payable in two installments, 50% (\$990) upon joining and 50% (\$990) Jan 1.
- Former ERC members are not eligible to apply within 15 months of the effective date of club resignation.
